Carmine Alexander Grieco, M.D.
School of Medicine and Biomedical Sciences
SUNY – Buffalo

Dear Dr. Grieco:

On behalf of our organization, I congratulate you on achieving the Maimonides Medical Society Award for Excellence in your efforts at the UB School of Medicine.

Maimonides was a great scholar, philosopher and physician. Medicine has a rich heritage that should not be forgotten, embodied in great people like Maimonides. Enclosed is a \$100 check as a token of our appreciation for your achievements.

We all hope your continued studies and practice of medicine are challenging, rewarding and successful.

Sincerely,

Robert S. Stall, M.D.
Maimonides President
